Canadian Institute for Historical Microreproductions / Institut canadien de microreproductions historiques

© 1993

The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

St. Alban's School

BERTHIER, Near Montreal

HEADMASTER:

THE REV. C. J. BOULDEN, M.A.

(Mathematical Honours) Trinity College,
Cambridge, England; Prizeman of King's
College, London; late Assistant-Master
at Rossall School, England.

Berthier is a small and quiet town, charmingly situated on the north bank of the River St. Lawrence, fifty-two miles from Montreal. The air of Berthier is particularly clear, dry and invigorating, and during the summer months there is always a cool and refreshing breeze from the river. Official statistics place Berthier as an *exceptionally healthy town*; and the total immunity from any form of illness enjoyed by the School for seven consecutive years, affords very practical proof of this statement.

**Location of
the School**

The C. P. R. has a convenient service of trains to Berthier; the journey from Montreal taking less than two hours. Parents wishing to visit the School, should leave Montreal at 9.00 a.m., and can reach the city again either at 3.30 p.m. or at 7.00 p.m. During the summer months, the steamer "Berthier" of the Richelieu and Ontario Company, makes two trips weekly from Montreal to Berthier.

**Means of
Communication**

The school buildings are at a convenient and safe distance from the river, and have been constructed so as to receive a large amount of air and of sunshine. The school room and dining hall are particularly bright, airy and commodious. The majority of the bedrooms contain two or three beds each; there is one large dormitory, lofty and well ventilated; and there are also *separate bedrooms*, for which an extra charge is made.

**Situation and
Description of
School Premises**

The main building is of brick; and the additions have been constructed with the special view of ensuring a healthy degree of

**Heating and
Warmth of
the Building**

warmth. There are no "cold passages" to be found in the whole of the school buildings; the schoolroom has a specially constructed "double floor" to prevent draughts, and to guard against that fruitful source of illness—"cold feet." The premises are heated by hot water and by stoves.

The greatest attention is given to the satisfactory working of all plumbing and sanitary matters.

**Plumbing
and
Sanitation**

The entire system has been reconstructed since 1896, and has been laid down under the personal superintendence of the headmaster. Each floor has its bath-room with hot and cold water and complete sanitary arrangements.

Boys are prepared for matriculation at McGill and other Universities, for the Diocesan College in Montreal, for the entrance examinations at the Law and Medical Schools, the Royal Military College; also for the 'Public Schools' and Universities of England. Full attention is paid to elementary subjects in the lowest forms, and thoroughness is insisted upon in all subjects and throughout the school.

Education

The absolute necessity of French as a *special subject* in this Province is fully recognized, and most careful arrangements are followed out for the perfecting of French conversation. Latin is compulsory throughout the school.

A short service is held each morning and evening in the school chapel, and the headmaster gives instruction in the Bible and Prayer Book. The truest purpose of all education is taken to be the training of character; and the development of a true and manly tone is placed before the boys as the highest ideal that can be desired for St. Alban's. An important part in this development is played by the trust placed in boys by the masters, and returned in kind by the confidence and open bearing of the boys.

**Religious
and
Moral
Training**

The Headmaster takes active part in the teaching of the school, and is therefore able to ensure perfect discipline during school hours. Every encouragement is given to manly games and sports; and members of the school staff join constantly with the boys in their out-of-school

**Discipline
and
Sports**

recreations. The supervision of the bedrooms is reserved as the special duty of the headmaster.

There is an excellent School Library, to which the boys have access at all times. Boys are not allowed to receive trashy and so-called "comic-papers"; the *least* that can be said against such literature, is that they glorify vulgarity.

**Library
and
Reading**

The river for some miles east and west of Berthier is narrow, safe, and free from strong currents. No boys are allowed in boats until they can swim; and no boys are allowed to bathe unless they are accompanied by the headmaster or by the senior assistant master.

**Boating
and
Bathing**

Physical drill, so important to growing boys, is kindly given by Lieut.-Col. Hanson.

**Physical
Exercise**

The aim of the headmaster is to make St. Alban's a school of sound, manly, and true tone and character. The size of the school is altogether a matter of secondary consideration. Hence, great discretion is used in admitting new boys; those only being received, that it is honestly and

Admittance

thoroughly believed will bring credit to the school, and will maintain and not injure the prevailing tone and *morale*. The following are the rules regulating admittance :

1. New boys must not be under nine years of age, and must not have completed their fourteenth year.

2. No boy can be received who has been dismissed from any other school.

3. Every boy must be recommended to the headmaster by *one* of the following: (*a*) by the parent of some pupil at present in the school; (*b*) by a clergyman, or by the boy's former teacher ; or (*c*) by one of the gentlemen named at the end of this prospectus.

4. A form (supplied by the school authorities) must be filled in by the home medical adviser, referring to the general health and physical standing of a new boy.

The domestic arrangements are under the personal supervision of Mrs. Boulden, who will be glad to answer any questions regarding this part of the school. Mrs. Boulden and the headmaster take their meals with the boys.

**Domestic
Arrangements
and Meals**

The school year begins on the first Wednesday after the tenth of September, and closes on St. Alban's Day, June 17th. The vacations are from December 23rd to Jan. 10th, and from Easter Eve to the second Tuesday after Easter. Regular work in each term is begun on the day after the date named for re-assembling, and is continued up to, *and including*, the day of departure.

School
Terms

It is therefore most important that all boys should be sent back punctually, on the day named, and without exception; and on no account (except under most extraordinary circumstances) should application be made for any boy to return home before the date fixed for the general closing of the school.

The Headmaster gives a most hearty invitation to parents and friends to visit the boys at the school as often as possible; such visits invariably do the boys good, help them to feel greater pride in their school, in their surroundings, and in their work. There is a good Boarding House in the town, where comfortable rooms can always be obtained; and an

Parents are asked to visit their boys at School in preference to having them home during term time.

invitation is extended to visitors to take all meals with the boys in the Dining Hall of the school. But the headmaster trusts that parents will not ask for their boys to go to their homes during the school year, except at the stated vacations, and at those times (of which due notice is sent to all parents) when arrangements are made for entertainments or for hockey and cricket matches in Montreal. Interruptions during term are a serious cause of trouble in schools; they greatly increase the danger of introducing epidemics; they invariably unsettle a boy for days and even for weeks; and produce in the school generally, an unsatisfactory and discontented feeling. Good holidays, should be followed up by good and *complete* terms of work.

- 7.20—First bell.
- 8.00—Breakfast. Time
Table
- 9.00—12.10—Chapel, fol-
lowed by school, with recess
of ten minutes.
- 1.00—Dinner, followed by recrea-
tion.
- 3.45—5.40—School. (Half-holi-
days on Wednesdays and
Saturdays).
- 6.00—Supper.
- 7.00—8.30—Chapel, followed by
preparation work for next
day.
- 8.40—Bed.

The special features of this Time Table are, that a full amount of time is allowed for sleep, and that the free period from twelve o'clock till a quarter to four, gives the boys opportunity of having good exercise daily in the open air.

Every boy should bring Wardrobe
an ordinary personal out-
fit, including a dressing gown, and
a soiled linen bag. Every boy should
have a black coat for best wear, and
a hard felt hat; and if under the age
of fourteen, an Eton suit (with grey
trousers.) *All clothing should be dis-
tinctly marked.*

It is advised that the headmaster be authorized to give a boy from ten to twenty-five cents a week according to age; and that each boy be encouraged to give a cent or two of this—(*his own money*, and not any special "collection money") to the church offertory.

**Pocket
Money**

There are no admission or entrance fees, nor any extra charges for bedding, laundry or seat at church.

Fees

**Fees for boys under 12 years of age
\$260 a year.**

**Fees for boys over 12 years of age
\$300 a year.**

There are no extra charges whatever, except for pocket money, books and stationery (supplied at usual city prices) and tradesmen's accounts for repairs or for goods supplied.

The fees are payable quarterly in advance, and are due on September 10th, November 15th, February 15th and May 1st.

From the Head Master of Rugby School, Eng. :

The Rev. C. J. Boulden was the last Master whom I appointed to a place upon the staff of Rossall School during my Head-Mastership. I only remained there for about two months after he came, so that I cannot speak of his merits from long experience ; but from what I saw during that time and heard, both from boys and Masters afterwards, the appointment was a most happy one for the School, and the loss great, when he removed from Rossall.

He is a good teacher ; has his heart in his work, and (what is most important of all) displays a living interest in the boys who are brought in contact with him. Not a few Rossall boys I know, owed a good deal to his kindly interest and influence.

His mathematical ability is sufficiently attested by his honors at Cambridge, and his power of communicating his knowledge, by his success at Rossall.

It may not be out of place to add that his sermons are listened to with great interest by boys. They are plain, earnest and shew a true insight. I have heard much of them from many quarters.

Mr. Boulden possesses an even temper, a genial manner, and a common sense, which make him a good administrator.

(Sgd.) HERBERT A. JAMES, D.D.,

Head Master of Rugby.

10th June, 1895.
